

Pattern of Meetings

The following is a pattern of regular circuit meetings and events. This is provided to help individual churches avoid duplication and to assist in future planning. Churches are asked not to plan local meetings at the same time. Where possible, business meetings are to be avoided during Lent or August. Please note this is not set in stone – the option to cancel or hold additional meetings remains. Other changes may occur due to holidays etc. but having such a pattern will hopefully help everyone.
